

EXPERIMENT – 8

NAME: JAITHA K

ROLLNO: 240701205

AIM: The aim is to create storyboards representing the user flow for a mobile E-commerce app using Balsamiq.

PROCEDURE:

1. Tool Used: Balsamiq Wireframes (<https://balsamiq.com>)
2. A new project was created and mobile screens were added to simulate the user's shopping experience from start to finish.
3. Each screen represents a key step in the product browsing and purchase process.
4. UI components such as buttons, text fields, dropdowns, images, and icons were selected from Balsamiq's built-in library.
5. All wireframes were designed to be simple, clean, and focused on user interaction and flow.

USER FLOW:

1. Homepage: Users can browse featured products, search for items, and navigate to different categories.
2. Categories Screen: Displays various product categories such as Electronics, Fashion, and Home.

3. Product List Screen: Shows a list of products within a selected category, including

image, name, price, and “Add to Cart” button.

4. Product Details Screen: Displays detailed information about a product including

description, images, price, and “Add to Cart” button.

5. Checkout Screen: Shows items in the cart, total price, delivery address input, and a

button to proceed.

6. Payment Confirmation Screen: Displays payment options and confirms the order after

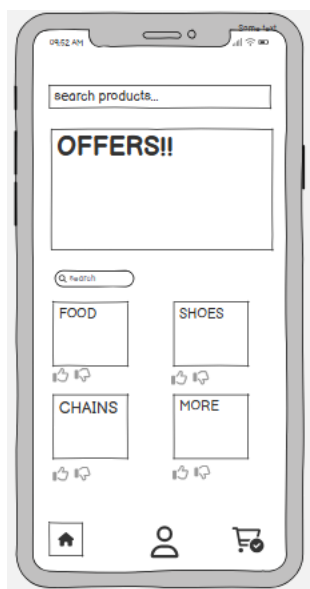

successful payment.

HOMEPAGE

Components: Search bar, banner/carousel for offers, navigation buttons to categories, featured

products with thumbnail, price, and “Add to Cart”.

Purpose: Acts as the starting point for exploring and engaging with the app’s products.

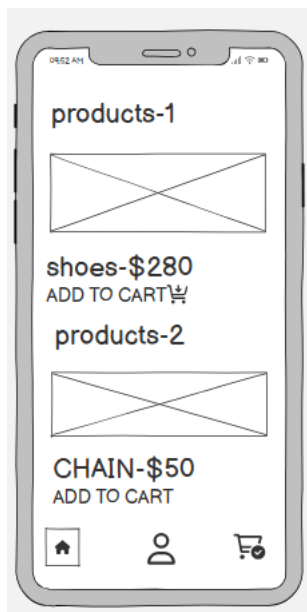

CATEGORIES SCREEN

Components: Grid or list view of categories (e.g., Electronics, Fashion, Groceries), icons or

images representing each category.

Purpose: Helps users easily filter products based on their interests.

PRODUCT LIST SCREEN

Components: Scrollable list of products, product image, name, price, and “Add to Cart” button.

Purpose: Allows users to view and select products within a specific category.

PRODUCT DETAILS SCREEN

Components: Product image gallery, title, price, ratings, description, specifications, and “Add to

Cart” button.

Purpose: Provides complete product information to support purchase decisions.

PAYMENT CONFIRMATION SCREEN

Components: Payment options (UPI, Credit Card, Cash on Delivery), order summary with total

cost, "Pay Now" or "Confirm Payment" button, and confirmation message (e.g., "Payment

Successful! Your order will arrive in 3–5 days.").

Purpose: Final step confirming successful transaction and order.
